

# Announcement !

## **Nepal Paediatric Society**

I am delighted to inform you that the Nepal Paediatric Society has completed the rigorous selection process for the research grant applications. We have reviewed each submission with great care and consideration, and after much deliberation, we are pleased to announce the recipients of the research grant. We had initially planned to announce the grant recipients on 2080-06-20 but due to unforeseen circumstances, we have had to extend the timeline by one month. We sincerely apologize for any inconvenience this delay may cause and appreciate your understanding.

We extend our heartfelt gratitude to all the applicants who submitted their proposals and commend their commitment to advancing pediatric medicine in Nepal. We received a remarkable array of proposals, making the selection process both challenging and inspiring.

The grant recipients will be contacted individually to discuss the disbursement of funds and further details regarding their projects. We look forward to the impactful research that will emerge from their work.

Once again, congratulations to the grant recipients, and thank you to all who participated in this process. Your support and commitment to pediatric research in Nepal is greatly appreciated.

The recipients of the Nepal Paediatric Society Research Grant are as listed below.

A handwritten signature in black ink, appearing to read 'Jagat', with a stylized flourish underneath.

Dr. Jagat Jeevan Ghimire

Member Secretary

Research Committee, NEPAS

Date: 2080-07-20 [12<sup>th</sup> Nov 2023]
